Re: Communication of Board of Management Meetings – The Agreed Report

Dear Parents, Guardians, and Staff,

The Board of Management of Scoil Chrónáin is committed to transparency and keeping our school community informed about the governance and strategic direction of our school.

While the full minutes of Board meetings are confidential to the Board members and the School Patron, the Board produces an "Agreed Report" following each meeting.

What is the Agreed Report?

The Agreed Report is a summary of the key non-confidential decisions and updates discussed during our Board of Management meetings. Its purpose is to ensure that parents and staff are kept up to date on matters that affect the school environment, policies, and upcoming projects.

What information is included?

The report typically covers:

- Policy Updates: Notifying the community of newly ratified or reviewed school policies (e.g., Anti-Bullying, Child Protection, or Enrolment).
- School Improvements: Updates on building works, maintenance, or new equipment.
- Curriculum & Events: Information on school initiatives, upcoming events, or changes to the school calendar.
- Financial & Staffing Matters: General updates on school funding or staffing appointments (where appropriate).

Where can I find it?

The Agreed Report will be issued shortly after each Board meeting and will be distributed via email and will also be available on the school website.

We value the partnership between the Board, the staff, and our parents in making Scoil Chrónáin a positive environment for all our pupils.

Yours sincerely,

Lara Nic Thiarnáin
Chairperson, Board of Management
